

## CCNA 3 and 4: Lab Companion

By Cisco Networking Academy Program

Pearson Education (US), United States, 2003. Paperback. Book Condition: New. 3rd Revised edition. 279 x 224 mm. Language: English . Brand New Book. Cisco Networking Academy Program CCNA 3 and 4 Lab Companion, Third Edition, is the complete collection of labs created for version 3.1 of the CCNA 3: Switching Basics and Intermediate Routing and CCNA 4: WAN Technologies courses in the Cisco Networking Academy(R) Program. Each lab is set up with the following features: \*Objective--Identifies the goals that are to be accomplished in the lab. \*Background/Preparation--Provides a list of the equipment needed to run the lab. \*Reflection Questions--As appropriate, the labs include questions that elicit particular points of understanding. These questions help verify your comprehension of the technology being implemented. This collection of 50 labs provides you with hands-on experience to practice the skills needed for CCNA certification. The material continues your preparation for the CCNA certification exam (640-801, or 640-821 and 640-811). Keep your completed labs on-hand bound in this book to use as a study guide later or take advantage of the perforated pages to submit the labs to your instructor. These labs are also referenced in the Cisco Networking Academy Program CCNA 3 and 4 Companion...
