

Researches Into the Theory of Probability

By C V L Charlier

Createspace Independent Publishing Platform, United States, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.From the Introduction. Among newer investigations into the theory of probability I know none more important than those of Peakson in his admirable series of "Contributions to the Mathematical Theory of Evolution". The numerous school of biologists that has grown up during the last ten years, which has applied his methods to fundamental problems in botany and zoology, has richly demonstrated the importance of these methods for biology and shown the possibility of basing the science of life on exact mathematical methods. The branch of mathematics that is here in the first place needed is the theory of probability. For this reason Pearson was obliged, in attacking the problem of evolution from a mathematical point of view, to solve some important problems in this theory, that had not to that time been sufficiently dealt with. He has solved a great part of these problems. Others remained un- solved or only partially solved. The object of the present investigation is to treat some of these problems, which are of great importance not only to biology, but...
