The Country of First Boys is Amartya Sen`s intellectual journey through the past and present to seek an understanding of India`s history and the demands of its future. The themes of these essays include the hardened and extreme nature of inequality in India and what can be done about it. In this collection, Sen examines justice, identity, deprivation, inequalities, gender politics, education, the media and the importance of getting your priorities right. These are accessible yet pioneering essays that hold the kernel of many of his seminal works.
