(1896-1957) was an innovator and leader in the glassmaking industry. In addition to introducing hundreds of new designs in glassware and numerous improvements to the glass production process, Heisey also pioneered new ways to market glassware as one of the first glass manufacturers to advertise directly to the public. In the 1920 s, during the height of popularity of colored glassware, they produced Gifts of Glassware which was sent to customers on request to illustrate the wide variety of glassware and colors offered by Heisey. This high-quality reprint of the 1930 edition of the booklet contains fifty black and white illustrations of Heisey glass along with the full original text. Also included is a reprint of a brochure illustrating the Tudor pattern.
