

Spiritual Science in the Third Millennium: Intellectuality versus Anthroposophy

By Pietro Archiati

Temple Lodge Publishing, United Kingdom, 2015. Paperback. Book Condition: New. 234 x 156 mm. Language: English . Brand New Book. Can there be such a thing as spiritual science today? Should faith and spirit remain as purely private concerns - or, as traditionally, preserves of the Church? When Rudolf Steiner founded anthroposophy in the early twentieth century, his intention was to create a fundamentally scientific approach to the spirit. His basic works detail methods for developing spiritual consciousness, allowing the individual to replicate the results of his research. This key aspect distinguishes anthroposophy from the wealth of spiritual teachings, sects, cults and religions within the modern cultural milieu. But did Steiner fail in his endeavour to build a scientific path to spiritual knowledge? Is anthroposophy just another theory based on intellectual thought, to be analysed and dismissed? Up to now, academia has largely ignored Rudolf Steiner s work. In 2013, however, the first volume of a new series - a critical edition of Rudolf Steiner s writings, edited by a professor of the largest religious university in the USA - was published by a respected German academic press. Taking this concrete case as an illustration, Pietro Archiati argues that academia, with...
