# COATED GRAINS

Book Condition: New. Publisher/Verlag: Springer, Berlin | Coated grains have always attracted attention, at first of naturalists, and later of geologists, and the interest in these peculiar bodies was related both to their intriguing form and their significance in facies interpretation and sedimentology and to their relevance to accumulations of hydrocarbons and other mineral deposits. This resulted in numerous publications on this subject, and the intention of this volume is to summarize the present state of knowledge...
